FIRST AID COURSE

In an effort to make sure that EUPA staff can handle any emergency that may arise, Malta First Aid was invited to deliver an extensive and comprehensive first aid course to all EUPA employees last April. During the course EUPA engaged in a variety of hands on and theoretical tasks to continue furthering their knowledge about how to use the office's AED, give CPR and save someone from choking, alongside many other skills. Some of EUPA's staff did their exam and are now qualified first aiders.

EUPA was part of the Fondi.eu stand, where many European Union funds-based agencies, all gathered together to highlight the importance of the EU's works across Malta and Gozo. Together, they exchanged valuable perceptions, and reinforced their commitment to serving the community. It was a roaring success all around.
