## ESF+ Programme ESIF Policy 2021-2027

*Fostering the socioeconomic wellbeing of society  
through the creation of opportunities for all and  
investment in human resources and skills*

**Call for Project Proposals**

**Information Session: Application form  
9<sup>th</sup> September 2024**

**Co-funded by  
the European Union**

# Introduction

Proposals are to be filled in a Word Document and are to be submitted on [www.sfd.gov.mt/application](http://www.sfd.gov.mt/application);

Access to Application form and Deadline for submission of applications:

ESO.4.1. Access to employment and activation measures for all → **11<sup>th</sup> November 2024**

<https://fondi.eu/what-funding-is-available/access-to-employment-and-activation-measures-for-all/>

Proposals should follow the eligibility guidance and intervention logic as described in: Guidance notes on the Call for proposals under ESF+ Programme.

# Recommendations (1)

It is strongly recommended to:

- Provide **clear** information on what you intend to do, **how** you will do it, **where** you will do it, how much it will **cost** and who will **benefit** from it. If these basics are not clear, the MA and the PSC will be unable to understand your project and will be more likely to reject it;
- Read thoroughly the ESF+ Programme and any other guidance documents issued by the MA;
- Explain things **clearly**: assume the reader will not be familiar with your proposed activity or organisation;

## Recommendations (2)

- Explain any acronyms;
- Be focused and realistic: unrealistic targets may result in the application being rejected and/or penalisation at Project Selection Stage;
- Clearly describe how the Applicant will meet ESIF requirements: thus, any statement of the obvious will not be accepted as a response to any part of this application form.

# Application Form

## 8. State Aid

*EU State Aid rules apply to projects which involve any direct (or indirect) financial support from the public sector to commercial enterprises or organisations carrying out an economic activity, or if in some way the assistance involved distorts trade or threatens competition within the Community. Applicants should note that State Aid is determined by the nature of the project and not necessarily by the nature / status of the organisation.*

*ALL Applicants of ESF+ assisted projects must ensure compliance with State Aid rules. If the rules are breached (even after the project ends), any grant (even if already paid) may have to be recovered. Applicants should note that the project proposals that involve State Aid will be considered, provided that the Applicant agrees to implement the project in line with the applicable State Aid Rules. Applicants should also note that the involvement of State Aid is not necessarily tied to the legal status of the Applicant but to the nature of the activity. In this regard, early discussions with the State Aid Monitoring Board (SAMB) and/or experts on State Aid of the Applicant's choice are encouraged to clear the State Aid position. Any evidence of correspondence between the Applicant and SAMB should be annexed to the application form.*

Does this project involve State Aid?

YES

NO

**How was it concluded that the project involves/does not involve State Aid?**

*Specific reference should be made to communication held with the State Aid Monitoring Board to determine whether the project involves/does not involve State Aid.*

# State Aid

- EU State Aid rules apply to projects which involve any direct (or indirect) financial support from the public sector to commercial enterprises or organisations carrying out an economic activity.
- Applicants should note that State Aid is determined by the nature of the project and not necessarily by the nature / status of the organisation.
- All Applicants of ESF+ assisted projects must ensure compliance with State Aid rules. If the rules are breached (even after the project ends), any grant (even if already paid) may have to be recovered.
- Applicants should note that the project proposals that involve State Aid will be considered, provided that the Applicant agrees to implement the project in line with the applicable State Aid Rules.
- Early discussions with the State Aid Monitoring Board (SAMB) and/or experts on State Aid of the Applicant's choice are encouraged and any correspondence between the Applicant and SAMB should be annexed to the application form.

## 9. Project Description

### 9.1 - Is the project contributing to the **specific objective** of this call?

ESO: 4.1. Access to employment and activation measures for all

Yes

No

### 9.2 - **Which** need is the project addressing in relation to the list of possible **interventions** as set out in the programme?

Fostering a Culture of Social Entrepreneurship

Complementarities/synergies with other priorities under this Programme and other initiatives

### 9.5 - **What** are the expected **results** which the project shall be contributing to?

Increasing employment rates, including for older workers, women, and youth;

Increasing the number of individuals with skills related to the digital and green transformation of the labour market.

# Expected Results

- With respect to ESF+, the Applicant is to explore other targets, beyond the actual output indicators of the project, that will be the result from the actions/activities.
- Following the identification of the expected result/s applicable for the project and the target groups, the Applicant is to explain:
  - The tangible and intangible results of the project;
  - The expected benefits that the project intends to achieve; and
  - How such results will contribute to the achievement of the Programme expected result(s) under that specific Priority.
- The Applicant should explore how the desired results will aim to trigger change and/or innovation. Applicants are encouraged to explore innovative results/solutions from the proposed actions.
- The Applicant is to assess whether the proposed actions are contributing to the fulfilment of the enabling conditions.

## Part B – Technical Description (2)

### 9.3 - **Why** is the project being proposed and **how** does it address the Specific Objective of the call and respective national and European priorities?

*Here the Applicant is to carry out a needs assessment. This assessment is the study of a problem. It entails the collection of data and opinions from varied reliable sources. The aim is to support effective recommendations about what should be done to solve such problem. This will enable the Applicant to establish the importance of the proposed actions. Hence, such assessment must demonstrate how the project and its activities as applicable are contributing and in line with the type of interventions selected above. Moreover, the Applicant should explain how the project is expected to solve a clearly defined and presented need(s). The discussion must be supported by quantitative and qualitative analysis from official statistical sources and/or administrative registers. Consequently, the Applicant is to provide further justifications on the project coherence with National, sectoral and EU policies as to what extent the project is addressing such priorities. Explain the effects of the projects from the perspective of EU interest and how it contributes to the objectives set out at European Level.*

### 9.4 - **What** are the **objectives** of the project?

*The objectives should be SMART (specific, measurable, achievable, relevant, time-bound).*

## **Why is the project being proposed and how does it address the Specific Objective of the call and respective national and European priorities?**

- Here the Applicant is to carry out a needs assessment. This assessment is the study of a problem. It entails the collection of data and opinions from varied reliable sources. The aim is to support effective recommendations about what should be done to solve such problem.
- The assessment must demonstrate how the project and its activities as applicable are contributing and in line with the type of interventions selected above.
- The Applicant should explain how the project is expected to solve a clearly defined and presented need(s) by quantitative and qualitative analysis from official statistical sources and/or administrative registers.
- Consequently, the Applicant is to provide further justifications on the project coherence with National, sectoral and EU policies as to what extent the project is addressing such priorities.

## Part B – Technical Description (3)

### 9.5 - What are the expected results which the project shall be contributing to?

- Increasing employment rates, including for older workers, women, and youth;
- Increasing the number of individuals with skills related to the digital and green transformation of the labour market.

#### ▪ Target Groups (select the specific target groups of the project)

*In the case of the projects submitted under ESO4.1, the Applicant needs to also provide a justification to the proposed target groups to be reached through the ESF+ project.*

- Job seekers / workers, unemployed and inactive people, including women, low skilled adults and older workers and other disadvantaged categories of persons;
- Young unemployed and inactive, young NEETs, young early-school leavers;
- Professionals and other workers in the field of employment, including persons working with young people; social partners and NGOs duly registered under the respective legislation;
- Employers.

#### Other Targets

### 9.6 - What are the tangible and intangible results from the project?

- Target Groups: These should be specific according to the Specific Objective.

## Part B – Technical Description (3)

<b>9.7 - What type of <b>added value</b> is expected?</b>	
Additional outcome	<input type="checkbox"/>
Better outcome	<input type="checkbox"/>
Earlier outcome	<input type="checkbox"/>
<i>The Applicant is required to elaborate on how the funds will contribute to the above selected outcomes.</i>	
<b>9.8 - Does the project aim to <b>trigger change/innovation</b>? If so, describe how this will be achieved?</b>	
<b>9.9 - Is the project contributing to the fulfilment of the <b>enabling conditions</b> listed under Section 4 of the Programme? If in the affirmative, <b>how</b> is it fulfilling the criteria?</b>	

- Target Groups: These should be specific according to the Specific Objective.

## Part B – Technical Description (3)

*The Applicant is requested to indicate if the project is complementary to any other project already financed or to be financed through other funding streams. Furthermore, analysis to be made if the proposed project has the ability to complement other interventions carried out within the area in order to have enhanced territorial difference.*

**9.10 - How do the project results **complement or build** on the **results** of current/past initiatives/measures carried out, including those carried out by other organisations?  
What is the possibility that the project can mobilise complementary funding?**

## Section 2

### Section 2 – Section linked to Work Packages

#### 10. Project Plan

*To compile this section, Applicants are requested to fill in the details in the tabulations below.*

*The Applicant is expected to group the key components/activities/actions of the project in work packages. For each work package, the Applicant needs to provide a brief description of the project component/activity/action, key information on the main tasks of each project component, the timeframe for the implementation, the specific target groups (as applicable), the linked output and result indicators for each work package.*

*Work Package 1 shall focus on how the project will be managed including checks and controls in place to ensure that the project is implemented on time and within the parameters defined in the grant agreement.*

*Each project shall have work packages (including Work Package 1 on project management and coordination).*

# Project Plan

- The Applicant is expected to group the key components/activities/actions of the project in work packages.
- For each work package, the Applicant needs to provide:
  - a brief description of the project component/activity/action;
  - key information on the main tasks of each project component;
  - the timeframe for the implementation;
  - the specific target groups (as applicable); and
  - the linked output and result indicators for each work package (as applicable).
- Work Package 1 shall focus on how the project will be managed including checks and controls in place to ensure that the project is implemented on time and within the parameters which will eventually be defined in the Grant Agreement.

### 12. Quantitative Outputs and Results of the Project

*In the tables below indicate the output and results that will be achieved as a result of the implementation of the activities in this workplan as part of this project.*

*Please ensure that the figures included in the table below are reasonable, in line with the objectives of the project and may be measured and verified. It is strongly recommended that Applicants refer to the Indicators Guidance Notes issued with the call on how to address the indicator sections.*

#### 12.1 Output and Result Indicators Table

OUTPUT INDICATORS	Measurement Unit	Milestone 2024	Target 2029 and/or End of operation
EECO01 – Total number of participants			
EECO02 – Unemployed, incl. long-term unemployed			
EECO04 – Inactive			
PSO01 – Total number of participants below 30 years of age			
RESULTS INDICATORS	Measurement Unit	Target 2029 and/or End of operation	
EECR01 – Participants engaged in job searching upon leaving			
EECR03 – Participants gaining a qualification upon leaving			
EECR05 – Participants in employment six months after leaving			
PSR01 – Participants gaining a certification upon leaving

## Section 2.1

### 12.2 - Method of Quantification

**Detailed description** of the **methodology** used to quantify each respective indicator targets. Reference should also be made to any **reference documents** (if and as applicable), from which any baseline figures are being sourced. Kindly ensure that the respective **indicator names are listed** and are clearly linked to the different methodology descriptions to be provided for each indicator. For better clarity, kindly start by listing the output indicator/s, followed by the result indicator/s.

*In the case of ESF+ projects with participant type of indicators, the Applicant is reminded that data on indicators is to be reported on the basis of unique participants at the level of each operation/project. To this end, the data below should firstly be presenting an estimation using repeat participation that mirrors the budget requested, and subsequently the Applicant is to estimate the resulting unique values per indicator (this dependent on the expected/allowed number of repeat participations in the same operation/project)*

### 12.3 - Method of Verification

**Detailed description** of the **methodology, data sources and/or documentation** to be utilised to **verify and provide proof** of the attainment of the respective indicator targets. Kindly ensure that any documentation that will be referenced can be made available to the Managing Authority, both at implementation stage and at project completion stage, as required for the periodical verification and reporting of indicators.

Kindly ensure that the respective **indicator names are listed** and are clearly linked to the different verification sources to be provided for each indicator. For better clarity, kindly start by listing the output indicator/s, followed by the result indicator/s.

## Section 2.1

*A set of Both Eligibility and Selection Criteria are to be determined. The applicant is to list the eligibility (what makes an interested participant eligible to apply) and selection criteria (how the applicant intends to rank and select participants). Kindly, specify if there will be a specific criterion aimed at Gozitans' participants.*

*The eligibility criteria are gateway criteria that determine whether a participant can benefit from the activities of the project.*

*The selection criteria should also be established. Selection criteria should provide the necessary framework to rank between eligible Applicants. Only participants that make it through the eligibility test can be ranked in line with the identified selection criteria.*

**12.4 - If the proposed activities involve participants **directly**, specify the **eligibility** criteria which will be used to selected participants. Reference should also be made to any reference documents from which any baseline figures are sourced. (*if applicable*)**

### 16. Risks

*Any adverse event which may impinge on the smooth and efficient implementation of the project must be identified at this stage. These events will impose a risk on the project. The risks were categorized as per below:*

- *Financial Risks*
- *Implementation Risks*
- *Capacity Risks*
- *Legal Risks*
- *Logistical Risks*
- *Public Procurement Risks*
- *Technical Risks*
- *Health Risks*
- *Other Risks*

*The Applicant is to explain the risks associated with the project and provide the mitigation and/or preventive measures as well as the actions to be taken in case an adverse event occurs. By assessing risk, one is not looking to avoid it, but rather, to understand the nature of that risk, be reassured that the Applicant takes steps to minimise the risk and has options to deliver at least part of the project, should something happen to affect the project.*

*Communication and visibility activities should contribute to the promotion of gender, equality, and non-discrimination. Communication materials should use gender inclusive language and positive visual representations. E.g.: when developing videos or leaflets ensure that persons, in all their diversity, are equally represented in a non-stereotypical fashion and portrayed in active empowered roles. In addition, consider using communication channels that are accessible to the general audience, to persons with disabilities, or people from marginalised groups.*

### 17.1 - Minimum Visibility Requirements

**Applicants are required to implement minimum visibility requirements when implementing EU-funded projects to acknowledge the support received in line with the parameters established in Regulation (EU) 2021/1060. Please tick as applicable.**

Provide on the beneficiary's official website, where such a site exists, and social media sites, a short description of the operation, proportionate to the level of support, including its aims and results, and highlighting the financial support from the EU. (ALL PROJECTS)

## Part B – Technical Description (20)

*Applicants are to keep in mind that EU funded projects must ensure that adequate publicity is given to the project with a view to:*

- *Make potential participants aware of the opportunities offered/created;*
- *Make the general public aware of the role of the European Union and European Funding;*
- *Ensure transparency of the assistance concerned; and*
- *Increase visibility and awareness.*

### 17.2 – Planned Communication and Dissemination Activities

**What** are the communication and dissemination activities planned, other than the obligatory communication requirements included above, to promote the activities/results of the project? In your reply indicate to **whom, which format and how many** communication actions will be undertaken. Indicate how you will reach the target groups, relevant stakeholders, policy-makers and the general public and explain the choice of the dissemination channels.

# Part B – Technical Description (21)

## 18. Financial Sustainability

*The Applicant should ensure that the longer-term financial sustainability of the project is considered. The financial sustainability assessment consists of verifying that the project will have sufficient funds to meet its financial obligations, whether these funds come from user charges or budget sources. Under this section, the project's capacity to achieve financial sustainability should be demonstrated.*

*Furthermore, the Applicant is to assess the financial profitability which involves the comparison of the costs (the operating and investment expenses) and the revenues resulting from the project.*

### **18.1 - How will the project be **sustained** when EU support ends?**

*Specific explanation should be provided on the expenditure and organisational structure and resources which will be enabled especially in those instances where the Government is not financing the project and the financial position of the organisation is not congruent with the annual operational costs required to maintain the activities proposed after the EU funding support ends.*

### **18.2 - What are the **annual operational costs** required to sustain the project after EU support ends?**

*Please upload calculations of the annual (operational) costs involved in sustaining the project, under the Section 'Checklist of Attachments'.*
