### 4.3. Unsuccessful Applicants

The MA will inform all applicants about the outcome of the selection process. This notification can be made via email notification.

### 4.4. Appeals

Applicants who feel aggrieved by the outcome of the procedure have the right of appeal with the Project Selection Appeals Board (PSAB) within five (5) working days (unless otherwise specified) from the date of the letter of rejection by the Project Selection Committee.

The same application (i.e. applications broadly having the same scope) cannot be considered as being under PSAB and PSC consideration concurrently. In such cases, only the application undergoing a PSAB procedure will be under consideration (by the PSAB).

### 4.5. Notification of Acceptance

The Managing Authority will inform all successful applicants of the decision of acceptance of their project. Letters of acceptance may include conditions which have been raised by the Project Selection Committee which conditions need to be adhered to.

### 4.6. Grant Agreement

Applicants who have been selected in accordance with the procedure described above, in terms of being eligible and having obtained the necessary scoring for selection, and furthermore, could be allocated the requisite budget for funding, shall be invited to enter into an agreement with the MA by signing the Grant Agreement. Selected applicants that do not come forward to sign the grant agreement within stipulated timeframes will have the award withdrawn.

### 4.7. Changes

The beneficiary shall undertake every effort to ensure that the project is implemented within the stipulated timelines as defined in the broad project actions, and in line with the relevant EU and National Regulations and administrative procedures.

The Beneficiary shall not strategically change or alter the overall and broad project scope and actions of his/her/their own volition. Significant and strategic changes that alter the scope of the project must be agreed to by the Managing Authority in the Change Request procedure published by the MA. Strategic changes applied to the project that do not bear the MA approval would be done at the applicant's own risk and will be assessed at the payment stage of the project.

In case the beneficiary fails to follow the timelines defined in the Grant Agreement, this may lead to recoveries of funds by the Paying Agency or termination by the MA unless an extension is either requested and granted by the MA or granted as an administrative extension by the MA.

Projects with a grant value of equal or less than EUR100,000 shall be limited to two (2) change request submissions, including extension requests, whereas projects with a grant value of more than EUR100,000 but less than or equal to EUR200,000 shall be limited to three (3) change request submissions. The limit of change request submissions applies for the entire duration of the project. For the avoidance of doubt, the limitation is subject to the number of submissions and not the amount of changes requested per submission. Furthermore, the limitation still applies in case the MA rejects the request in part or in its entirety.

In the case where an investment included in the project requires a planning permit and the necessary permit approvals are not obtained in due time as deemed necessary by the MA, the project proposal will be subject to a withdrawal assessment by the MA. This is without prejudice to any other withdrawals that the MA or ARPA may seek in view of project progress impacting timeframes and scope.

The Change Request Form can be downloaded from the Managing Authority website from the following link: [http://fondi.eu/important\\_documentat/earfd-templates/](http://fondi.eu/important_documentat/earfd-templates/)

## 5.0 Contractual Obligations

Upon receiving the award letter, the Beneficiary becomes legally bound by certain provisions. The following sections provide information on some aspects of the contractual obligations of the Beneficiary.

### 5.1. Procurement

Beneficiaries should note that grants awarded for actions under this Intervention are public funds. In this regard, all beneficiaries should ensure that any procurement undertaken for works/services/supplies to be financed through this intervention is carried out in line with the principles of sound financial management, good governance, transparency, and equality together with the provisions of the Manual of Procedures issued by the relevant authorities.

In cases of non-compliances with the rules of public procurement, the financial corrections towards the beneficiary will be determined by the Paying Agency on the basis of the Commission Decision of 14.5.2019 laying down the guidelines for determining financial corrections C(2019)3452 final.

### 5.2. Administrative checks on payments claims by the Paying Agency (ARPA)

Following the signature of the Grant Agreement and subject to the eligibility rules of the specific intervention, a Beneficiary may start to submit payment claims to the Paying Agency for processing, verification and ultimately payment authorisation.

Administrative checks on applications for support shall ensure the compliance of the operation with applicable obligations established by Union or national law or by the Common Agricultural Policy Strategic Plan. Kindly note that the ARPA Payment Guidelines can be accessed through the ARPA website: <https://arpa.gov.mt/>

The Agriculture and Rural Payments Agency (ARPA) may, from time to time, issue further information and guidance.

### 5.3. Payment Triggers and Management Verifications

In case of the Overheads component, Beneficiaries do not need to provide any documents to trigger this payment. This will be calculated on the allocated amount on the Claim for Reimbursement. Should the Beneficiary fail to carry out a part of the investment that was approved in the Grant Agreement, the Overheads component will be recalculated and paid at 7% of the eligible investment that was found to be in place and operational.

Management Verifications are an essential component in all EU-funded projects in order to ensure compliance with applicable regulations, to promote accountability and transparency, manage risks, monitor performance, maintain sound financial management, meet legal requirements, facilitate accurate reporting, and enhance the overall quality of the project. These verifications are an essential component of the EU funding process, helping to safeguard the proper use of EU funds and the achievement of project objectives.

## 5.4. Controls and Penalties

Maltese Authority reserve the right to suspend the disbursement of grant fund or to recover any funds disbursed to the Beneficiary in any of the following circumstances:

- a) Non-compliance with the terms and conditions of the Grant Agreement, including but not limited to failure to achieve operation's objectives, milestones, or financial reporting requirements;
- b) Mismanagement or financial irregularities, including but not limited to unauthorized use of funds, false declarations, or fraudulent activities;
- c) Breach of EU regulations, applicable laws, or any other relevant legal requirements governing the use of EU funds, including the National Eligibility rules, the Manual of procedures, and any specific guidelines issued by national authorities;
- d) Unauthorized expenditure or ineligible costs not in line with the approved operation/budget or outside the scope of the project;
- e) Suspicion of Fraud, Corruption, Conflict of Interest, Double Funding, or any other misconduct that puts at risk the EU financial interest, the fulfilment of the conditions triggering the payment of lump sums, unit costs, or flat rates, including, where required, the achievement of outputs and/or results.
- f) Actual, potential, or perceived reputational harm and/or unwarranted or unfavourable publicity to the Managing Authority, the Government of Malta, national and/or EU institutions, and/or EU funds.
- g) Any other justifiable reason deemed by the Managing Authority to warrant suspension or recovery of funds provided that such actions are consistent with EU regulations and principles.

## 5.5. Documentation

Without prejudice to national legislation or practices that require a longer period for the retention of documents, all supporting documents related to a project supported by the Funds are to be kept by the Paying Agency for at least a 5-year period from 31 December of the year following the submission of the accounts in which the final expenditure of the completed operation is included. This documentation will also be available in the IT system managed by the national funding Authorities and made available as required by the relevant stakeholders including the Programme auditors, the European Commission, and the Court of Auditors, etc. unless otherwise decided by the Managing Authority.

Without prejudice to national legislation or practices that require a longer period for the retention of documents, the beneficiary shall retain the pertinent documentation in either digital or printed format linked to this project for funding purposes.

A signed inventory, listing any items bought in connection with the project, should be compiled and maintained by the beneficiary and this should be made available to the Paying Agency, or any other legitimate authority whenever requested. An inventory template can be found on the [www.fondi.eu](http://www.fondi.eu) website under the Templates section.

## 5.6. Durability of Investment

Durability is not applicable for this call.

## 5.7. Responsible Entities

Checks and controls can be done by any of the following authorities:

- a. The Managing Authority (MA) – Funds and Programme Division (FPD), within the Ministry responsible for EU funds
- b. The Paying Agency (PA) – Agriculture and Rural Payments Agency (ARPA), Ministry for Agriculture, Fisheries and Animal Rights (MAFA),
- c. The Certifying Body (CB) – Internal Audit and Investigations Department (IAID), Office of the Prime Minister (OPM),
- d. The National Audit Office (NAO) in view of the fact that public funds are being utilised for the implementation of the investment,
- e. The Audit Services of the European Commission (EC) and the European Court of Auditors (ECA) in view of the fact the investment is benefitting from European Union (EU) funds,
- f. The VAT Department to ensure that VAT Regulations are respected,
- g. And any other national or EU entity which has a legal right to carry out verifications on public funds awarded.

## 6.0 Compliance with Community Policy

Each Grant Agreement will endeavour to preserve the **Horizontal Principles** and respect the fundamental **Human rights** that underpin all EU-funded projects. These principles promote impartiality, openness, and accessibility for individuals with disabilities, fostering inclusiveness and equal opportunities for all participants involved in the projects.

**Gender equality** is a fundamental aspect of these principles recognizing the importance of empowering all genders to contribute meaningfully to the development and execution of each project.

To foster a **harmonious and sustainable environment** for all, EU-funded projects must abide by the **Charter of Fundamental Rights of the European Union**, ensuring that the rights and freedom of all EU citizens are respected. Project activities, decisions, and actions must not violate or infringe upon the rights and dignity of individuals or groups, as defined by Maltese and international law, and wherever possible, promote the creation of an equal and just society.

The principle of **sustainable development** is of paramount importance, reflecting our commitment to meeting the needs of the present without compromising the ability of future generations to meet their own needs. Malta firmly believes in upholding the Union policy on the environment, as stipulated in Article 11 and Article 191 (1) Treaty on the Functioning of the European Union. All projects are required to comply with environmental regulations. This includes fully respecting the Union environmental acquis and national legislation pertaining to environmental protection. Projects should aim to avoid or minimize adverse environmental, social, and economic impacts, striving to prevent significant harm to ecosystems, natural resources, cultural heritage, and human health.

In recognition of the crucial role played by **innovation** in driving economic growth and societal progress, this guiding principle is critical and incorporated into Malta's funding framework. By emphasizing and promoting this principle, the aim is to encourage and nurture innovative initiatives that showcase exceptional promise and potential. EU funded projects should aspire to support and promote innovative initiatives that exhibit exceptional potential, thereby ensuring the efficient and effective allocation of EU funds to projects that can truly make a difference in shaping Europe's future.

## 7.0 Overarching Commitments

### 7.1. Data Protection

By submitting the application, the applicant is giving his/her consent to have personal and project details published in line with the obligations in the relevant EU Regulations and other requests by relevant bodies.

Whilst abiding to the provisions set in the Data Protection Act regarding the handling of personal data, the Managing Authority and/or Paying Agency will retain the right to disclose, exchange or request information about any applicant, application, and agreement to or with other organisations or consultants which the Managing Authority and/or Paying Agency consider appropriate for administration, statistical, monitoring, evaluation and dissemination purposes.

### 7.2. Transparency

Because projects implemented under this Intervention involve expenditure of public money, there is public interest in how the money is spent. In this respect the Managing Authority will ensure that the principle of transparency is fully respected in the implementation of operations under Common Agricultural Policy – Strategic Plan 2023-2027. A list of Beneficiaries who are awarded a grant and separately, those who receive payment are published to ensure maximum transparency.

### 7.3. Monitoring, Evaluation and Dissemination

From time to time, the Managing Authority and/or the Paying Agency, as well as other National and/or EU entities as may be identified by the Managing Authority, may conduct economic, environmental, or other evaluation of the intervention which may involve the beneficiary in surveys/interviews of various types. Managing Authority officials or consultants/evaluators engaged by the Managing Authority may contact beneficiaries as necessary. In applying for support under this intervention the beneficiary is deemed automatically as agreeing to cooperate with or take part in such studies, which are important for reviewing the effectiveness of the intervention as well as evidencing implementation of projects. The MA may also request cooperation from beneficiaries vis-à-vis promotion of the CAP SP, including use of pictures/videos taken from projects supported through this intervention.

### 7.4. Conflict of Interest

Checks and balances to ensure that situations that may give rise to actual and/or perceived conflict(s) of interest are vital in order to safeguard the ethical and transparent use of EU funds, fosters fair competition, builds trust, and ensures compliance with legal requirements, ultimately contributing to the success and legitimacy of EU-funded projects.

In line with Article 61 of the Financial Regulation (EU, Eurotom) 2018/1046 of 18<sup>th</sup> July 2018<sup>2</sup>, the Ministry responsible for EU Funds, together with ARPA, carry out the necessary verifications to ensure

---

<sup>2</sup> Financial Regulation (EU, Eurotom) 2018/1046 of 18<sup>th</sup> July 2018 on the financial rules applicable to the general budget of the Union.

that no conflict of interest arises at any stage of a project's lifecycle. Should a conflict of interest be detected, the applicant/beneficiary will be notified to ensure that such instances do not prejudice the EU budget at large. The relevant authorities reserve the right to take any remedial actions that may be deemed necessary in such situations.

## 7.5. Force Majeure

If a beneficiary was unable to comply with the obligations as a result of Force Majeure or exceptional circumstances as provided for in article 3 of (EU) 2116/2021 s/he shall retain her/his right to eligible aid up till when the case of Force Majeure or the exceptional circumstance occurred. Cases of Force Majeure and exceptional circumstances shall be notified in writing to the competent authority (ARPA), with relevant evidence to the satisfaction of the competent authority, within fifteen (15) working days from the date on which the beneficiary or the person entitled through him, is in a position to do so. After consultation with the Force Majeure Board, ARPA will decide whether there is a case of force majeure or otherwise according to the parameters of the applicable EU Regulations. Should ARPA deem a case to be affected by a Force Majeure event, the beneficiary may be justified or excused, totally or partially, with respect to some default that there may be. But if the Force Majeure application is rejected, the Maltese Authorities may seek to recover or withdraw all funds related to this scheme.

Official documentation needs to be submitted together with the Force Majeure application. In case of illness a medical certificate is required and in case of mandatory quarantine, the official notification issued by the Ministry for Health is required, in cases of plant diseases and/or death of trees in the case of vineyards a report must be presented by the Agriculture Directorate or the Plant Protection Directorate (depending on the case).

Further information on Force Majeure requests may be accessed from ARPA's website on <https://arpa.gov.mt/en/>
