## **CIRCULAR**

**To:** All Prospective Applicants

**Subject:** Promotion of Erasmus+ Virtual Mobilities – Programme Guide 2025

Dear Educators,

We are pleased to bring to your attention the continued and enhanced opportunities offered under the **Erasmus+ Programme 2025**, particularly the strategic focus on **Virtual Mobilities** as outlined in the latest **Erasmus+ Programme Guide 2025**.

Virtual Mobilities provide an innovative and inclusive dimension to international cooperation in education, enabling pupils, students, and staff to participate in cross-border learning activities **without the need for physical travel**. These mobilities are especially beneficial in complementing physical exchanges and ensuring equitable access to Erasmus+ opportunities for all learners, regardless of socio-economic or geographical constraints.

### **Key Highlights from the Erasmus+ Programme Guide 2025:**

- Virtual components **can be blended with physical mobilities or implemented as standalone activities** under Key Action 1 (KA1) and Key Action 2 (KA2) projects.
- Activities may include:
  - Collaborative online projects
  - Virtual job shadowing
  - Remote teaching or training sessions
  - Online intercultural dialogues
- Virtual Mobilities support the digital transformation agenda, promoting the development of digital competencies, intercultural skills, and inclusive education.
