## 2. OVERVIEW OF THE IMPLEMENTATION OF THE OPERATIONAL PROGRAMME (ARTICLE 50(2) AND 111(3)(A) OF REGULATION (EU) NO 1303/2013)

## 2.1. Key information on the implementation of the operational programme for the year concerned, including on financial instruments, with relation to the financial and indicator data.

Following the approval of the single dedicated Operational Programme (OP) for the SME Initiative, the Maltese Authorities signed a Funding Agreement with the European Investment Fund (EIF), and the Inter-Creditor Agreement with the European Investment Bank (EIB) and the European Commission (EC) on the 15th July 2015. On the same day, a Call for the Selection of Financial Intermediaries was launched, open for all commercial banks which had a presence in both Malta and Gozo.

Following the closing of such Call in October 2015, the European Investment Fund (EIF) started the due diligence process with all three banks that had shown an interest. This process was concluded in January 2016 with the selection of the first Financial Intermediary on the basis of the proposal submitted, which was the only one that provided all the necessary information and clarification as prescribed under the Call for Expression of Interest. The possibility of selecting a second Financial Intermediary was left open, as long as certain conditions were met and, in fact, in July 2017 a second Operational/Guarantee Agreement was signed thus having two Financial Intermediaries implementing the SMEi in Malta. offering two separate products to the market.

In the first months of the implementation, the initial expectations of the instrument were surpassed, and a decision was taken by the Maltese authorities to increase the total ERDF allocation from €15M to €22M and to extend the implementation period until end December 2023. As a result, the abovementioned Funding Agreement was amended in July 2018, and a modification to the SMEi dedicated programme was submitted to the European Commission in the year under review. The modification was approved by the European Commission in May 2019.

As a result of this top-up the expected portfolio of new loans to SMEs has increased from €61M to €89.5M. The guarantee is split amongst the two selected financial intermediaries on the basis of the capacity of the bank to deploy lending and maximize absorption. The following are the details of the guarantee agreements as amended in 2018:

-Bank of Valletta – €80.54M Maximum Portfolio Volume ("MPV")

-BANIF – €8.95M Maximum Portfolio Volume ("MPV")

The total MPV thus amounts to €89.49M.

Up to the end of 2019, in terms of impact, thanks to the SMEi, a total of €67.6M in new loans have been originated to SMEs in Malta and Gozo, with €59.6M, or 88% of the Committed allocation, being disbursed by December 2019.

By the end of 2019, 803 guaranteed loans had been disbursed by the two selected FIs, to 680 SMEs.

The average guaranteed loan amount in 2019 was of €78,000 (taken cumulatively as at end 2019, amounting to €84,000), and down from €86,000 in 2018. Circa 82% of the SMEs which benefitted from this instrument employed less than 10 employees and 98.8% less than 50. 48% of the SMEs assisted were start ups.

Furthermore, 327 (or 48%) of the SMEs benefitting from financing until end of December 2019 have been established for three years or less. The loans granted under the SMEi instrument in 2019 targeted 63 sectors (NACE level 2), with the sector benefitting the most being the retail trade, food and beverage industry, wholesale trade, as well as accommodation.

The trend of greatest benefitting sectors continues to reflect the structure of the Maltese economy wherein, by end 2019, the highest gross value added was registered from the following sectors: wholesale and retail trade, transportation and storage; and accommodation and food service activities.

96.2% of loans being granted were for tangible investments. Intangible investment followed at 1.9%, with working capital amounting to circa 1.1% and business transfer taking up 0.8% of the loans granted.

In order to continue the monitoring of the progress made under this instrument, two Investors' Board Meeting were organised, in September and in December. During the September meeting, the Audited Financial Statements and the Agreed Upon Procedures Report was reviewed, together with the Annual Operational Report and the Financial Report. A performance review update was also provided by EIF, with respect to the situation as at 30th June 2019, uptake of the H2020 allocation as well as the estimated build-up and absorption of the instrument in 2019. In the December meeting, a performance review update was provided as at 30th September 2019, and an approval to extend the senior risk coverage was given.

Furthermore, several other meetings were held by the EIF with the Managing Authority to discuss and take position on subjects of an operational nature (such as reporting, estimates of absorption) to be addressed in the context of the implementation of the SMEI Malta.

It is also to be noted that even though Article 40(1) of Regulation 1303/2013 (Common Provision Regulation) states that the Managing Authority is not obliged to undertake verification of operations, MA performed checks on the eligibility of a sample of 47 beneficiaries benefiting from the said initiative which, as at end 2018, amounted to 575. Within this context, during the year under review, the Audit Authority reviewed the methodology used by the Managing Authority to carry out checks on the eligibility of these enterprises and conducted a re-performance of these checks on a sample of 10 beneficiaries.

This review was based on the applicable European Union (EU) regulations and guidelines, in particular the Common Provisions Regulation (EU) No 1303/2013, the 'User Guide to the SME definition'. Reference was also made to the Funding Agreement between the Republic of Malta and the European Investment Fund, and the audited financial statements issued by KPMG Luxembourg on the SME Initiative in Malta. The review was carried out by a Senior Audit Manager and a Senior Auditor and the audit provided a positive assurance on the eligibility of applicants included in the portfolio.

In terms of reporting, the procedure followed by the EIF respected the requirements set out in Article 40(2a) of Regulation (EU) 1303/2013 as amended. Furthermore, the Managing Authority received an Annual Audit Report in line with Annex II of Commission Implementing Regulation (EU) 2019/1140 which report covered the period from 1 July 2018 to 30 June 2019 and was issued by KPMG as EIF's external auditor.

The main success factor of the SME Initiative Malta in terms of commitment can be identified as stemming from the active marketing of the SME Initiative Malta loans that both BoV and BNF have carried out via different channels. Actions put in place by the financial intermediaries on an on-going basis have included articles in the national media, intensive use of online and physical marketing tools (posters, billboards, flyers, online portals, dedicated webpage etc.), as well as the organisation of dedicated workshops and information sessions for the SME community.

#### 4. SYNTHESIS OF THE EVALUATIONS

Synthesis of the findings of all evaluations of the programme that have become available during the previous financial year, with reference of name and reference period of the evaluation reports used

No evaluation was carried out in 2019 with regard to the SME Initiative OP. However as per evaluation plan, the SME Initiative will be assessed as part of the bigger assessment to be undertaken in relation to the impact of the measures put in place for the benefit of and to assist SMEs through ERDF funding implemented under this Operational Programme the main ERDF Operational Programme - *Fostering a competitive and sustainable economy to meet our challenges*, and indirectly by the ESF Operational Programme - *Investing in human capital to create more opportunities and promote the wellbeing of society*.

In fact, according to the updated Monitoring and Evaluation Strategies for ERDF and CF a number of thematic evaluations have been planned to be carried out in the coming years, between the years 2020 and 2023. These cover different areas, amongst which SMEs. Considering the progress of implementation to date of the main ERDF Operational Programme, the first Thematic Evaluation will be launched in mid 2020 and will aim to analyse and assess the Competitiveness of SMEs in terms of: (i) the impact of the financial aid provided to enterprises under the form of grants and also of financial instruments (ii) how the programme facilitated easier access to finance.

This study will also serve as a Thematic Evaluation of not only the SME Initiative but also of the five state aid schemes being implemented under Priority Axis 3 of the ERDF OP, as well of the Investment in Skills Scheme implemented under Priority Axis 3 of the ESF OP. This evaluation will also assess the complementarities between these support instruments and how they contribute to support enterprises to grow, and fill focus on effectiveness, impact and efficiency as success factors thereof.

The Terms of Reference for this evaluation process have been drafted and are being reviewed by the Evaluation Helpdesk of DG Regio. Discussions were held April 2020 in order to finalise these ToRs and be in a position to launch the tender to engage a third party consultant by summer of 2020.

The ToRs are strongly based on a common methodology that is being presented by the Evaluation Helpdesk following the desire thereof expressed by the Member States implementing the SMEi following a TAIEX Multi-Country Workshop that took place in Malta in 2018.

In terms of the regulatory ex-ante assessment related to the implementation of the SME Initiative, the Managing Authority would like to highlight that a study was prepared by the Commission services with the input from the EIB and the EIF in 2013. This study served to identify the market gaps for each Member State in terms of additional lending to SMEs that can potentially be addressed under this joint instrument. This formed the basis for the decision of the Maltese Authorities to dedicate part of the ERDF resources to the SMEi.
