To: All entities participating in Territorial Cooperation Programmes
and the ENPI CBC Med Programme

From: The Territorial Cooperation Unit within the Funds and Programmes Division

Date: 18 February 2015

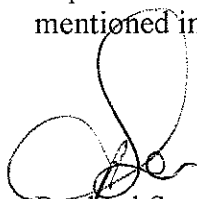

Ref: Circular 03_2015

As you are aware, publicity is an essential part of all projects funded by the European Union. In this regard, any projects financed under the Territorial Cooperation Programmes and the ENPI CBC Med Programme must be publicised in order to increase public awareness about the project as well as the Programme under which the project has been selected for funding and is being implemented.

As the national coordinator of the above-mentioned Programmes, the Territorial Cooperation Unit had issued guidance (updated version dated 25th July 2014) as to how such publicity actions should be, so as to be in line with EU and national requirements. By means of this Circular, may I remind you of the importance of ensuring that any publicity actions are in line with such guidelines, which may be accessed by means of the following link:

Kindly be aware that failure to abide with such guidelines might result in a recovery of funds. Therefore, every endeavour should be made by all project partners to ensure that any publicity actions taken in connection with the respective projects correspond with the requirements at EU and national level by referring to and adhering with the guidelines mentioned in this Circular.
