To: Director General (Strategy & Implementation Division)

CC: Director General (Internal Audit & Investigations Department)

Re: Funding Entities Database authentication mechanism

The Planning and Priorities Co-ordination Division (PPCD) is committed to further reduce bureaucracy and improve simplification, whilst increasing information security through federated authentication mechanisms with trusted identity providers as established in the GMICT Information Security Policy¹.

As from 1st April 2022, access to the Funding Entities Database will be through Government of Malta CORP accounts authentication mechanism. Information system users will need to have an active CORP user account as established by the respective procedures within the Government.
