#### **Lessons Learnt So Far**

In early 2010, the Managing Authority (MA) has carried out an internal exercise to assess the activities which have been carried out thus far in terms of:

- The way the activities were implemented;
- The effectiveness of the activities; and
- The costs incurred

### The review of the Communication Plan is stimulated by a number of significant factors:

- The progress of project implementation moving at a slower pace hence re-dimensioning to take into account tangible results;
- Publicity carried out at IB and Beneficiary levels complementing activities of MA;
- Adoption of wider Green Initiatives preferring electronic to physical dissemination of publications;
- Better use of in-house talents in design, translation etc.

#### **Proposals for Review**

#### The main modifications which the MA is proposing to the Communications Plan may be summarized as follows:

- Two 'key' years targeting larger-scale Annual Events will be selected, while the other years would envisage comparatively smaller events in line with the progress of the Programme. The 'key' years identified are:
  - 2012 representing the interim period; and
  - 2014 or 2015 marking the effective final stages of implementation of the Programmes;
- Reduction of budget expenditure from Technical Assistance incurred by MA and IBs;
- Retention of all activities with expected minimal impact on targets;
- Plan to be revised also in mid-term evaluation

ОРІ	Original Allocation			OPI	Revised Allocation		
	Total	ERDF	МТ		Total	ERDF	МТ
MA	2.500M	2.125M	0.375M	MA	1.100M	0.935M	0.165M
				IBs	0.100M	0.085M	0.015M
Total	2.500M	2.125M	0.375M	Total	1.200M	1.020M	0.180M

OPII	Original Allocation			OPII	Revised Allocation		
	Total	ESF	МТ		Total	ESF	МТ
MA	1.2M	1.020M	0.180M	MA	0.400M	0.340M	0.060M
				IBs	0.200M	0.170M	0.030M
Total	1.2M	1.020M	0.180M	Total	0.600M	0.510M	0.090M

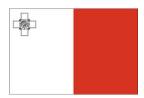

#### Conclusion

- The exact impact on the reduction of budget on the targets is still to be determined by the mid-term evaluation exercise that includes the evaluation of the Communications Plan;
- The evaluators will evaluate the targets and also the data collection methodologies;
- The MC will be kept updated on progress and outcomes.
