EU Youth Strategy 2019-2027 – interim evaluation

The EU Youth Strategy is the framework for EU youth policy cooperation for 2019-2027, based on the Council Resolution of 26 November 2018. In line with the Resolution, the European Commission will carry out an evaluation to support a mid-term review of the Strategy by the Council.

The Strategy focuses on three core areas of action: **Engage, Connect, Empower**, while working on joined-up implementation across sectors. It should help realise the vision of young people as expressed in the 11 European Youth Goals.

A call for evidence was launched on the 23rd of September. The public consultation will be based on a questionnaire aiming to gather assessments, data and evidence and to ensure that views from a wide spectrum of young people, stakeholders of the EU Youth Strategy and the general public are reflected in the evaluation.

The public consultation is accessible via the Commission's central public consultations page ([Consultations | European Commission \(europa.eu\)](#)), the Have Your Say web portal ([Have your say \(europa.eu\)](#)), and other relevant portals.
