How to best make use of this User Guide

This User Guide is meant to support applicants as follows:

- The application is online and therefore to fill in and submit an application one needs a User Account.
 - If you already have this User Account, proceed with the application.
 - If not, go to [Tutorial: Application Portal Sign In Procedure](#) to seek guidance how to register your User Account.

- **Project Title** - The first step when compiling an application is to insert a **Project Title** and a **Project Summary**. Once these are inserted, the user is required to click the '*Create*' button.

Note that once the '*Create*' button is clicked the Project Title cannot be amended. It is suggested that the project title is kept concise and clearly describes the investment project. Meanwhile, the Project Summary can be amended later in the Executive Summary.

- The application is presented in five sections (Section 1 to 5) and each respective section is supported with relevant tips and information how to fill the data. For easier reference, the tips and information are provided in boxes with a grey background.
- Annex I to Annex II provide other information needed to support the application.

Should ICT technical support be required, kindly contact the Measures and Support Division on 2555 2642 or msd.eufunds@gov.mt, or the Structural Funds Database (SFD) Unit on 2555 2646 or eufunds.ict.mefl@gov.mt

If the Applicant is not registered under Chapter 386 of the Laws of Malta, please upload the legal document constituting the Enterprise under the section Checklist of Attachments as applicable.

The Applicant needs to indicate the **Size of Undertaking**. The Size of the Undertaking is based on Annex I Commission Regulation (EC) No 651/2014 of 17 June 2014. In case an Applicant is an Autonomous Undertaking, the user is to insert the words ‘Not Applicable’ in the first row of the respective tables and a ‘0’ under the column ‘Shareholding %’. This will enable the proper saving and validating of data.

Then determine the size of the Undertaking by calculating the Headcount, Turnover and Balance Sheet Total of the Applicant enterprise. Follow the steps explained in the ‘**User guide to the SME definition**’.

The table below also acts as a guideline on how the Undertaking size can be determined.

Company category	Staff headcount	Turnover	or	Balance sheet total

Micro	< 10	≤ € 2 m		≤ € 2 m

The user is to then select **Micro Enterprise, Small Enterprise or Medium-sized Enterprise** from the drop-down menu to specify the size of the Undertaking.

Following the completion of this segment, the user must save the application form by clicking on the **'Save'** button found on the right-hand side of the screen in order to populate the drop-down function found in the next question.

- YES
- NO

In the box below, please explain your above reply.

Is this project in line with the Horizontal Priorities being Environmental Sustainability and Equal Opportunities?

- YES
- NO

Confirm that the planned investment respects the National and Horizontal Priorities. Failure to do this will render the project ineligible. Applicants are to tick 'YES' to the provided questions. Furthermore, those projects that support the 'YES' reply with an explanation and justification of their reasoning (in the space provided), including how the planned investment is linked to and respects National and Horizontal Priorities will be rewarded. (Max 5,000 characters)

Applicants will also be encouraged to incorporate possible greening and/or climate mitigation measures. Resources procured are to be resource efficient and durable.

Investments are unlikely to result in significant waste generation. Beneficiaries will be required to dispose of equipment following specific procedures to ensure that reuse and recycling will be pursued as much as possible. Disposal of replaced equipment should be in line with Subsidiary Legislation 549.89 titled Waste Management (Electrical and electronic equipment) regulations. The investment project proposal must include a comprehensive budget breakdown. In this section, the user is to choose the activity eg. *Equipment, Plant and Machinery*, insert a sub-activity in relation to the activity, and then for each respective sub-activity one is to insert a start date and end date, describe the sub-activity, insert any comments, and define the budget in the provided fields accordingly. The total costs of the investment will be automatically calculated through the summation of costs of all the Sub-activities inserted by the user. This is further explained field by field below.

Equipment, Plant and Machinery

The items identified under this sub-activity shall be the main component of the operation. In those cases where the main component of the operations consists of various items, these are to be included as different sub-activities under this activity. Any training costs limited to the use of the specific item acquired and included in the purchase price of the item in question, and thus from the same provider shall be included in the eligible cost.

Equipment, Plant and Machinery (ancillary items)

The items identified under this sub-activity shall cover any ancillary cost items to the main components of the operation. Such costs shall be capped at 10% of the eligible cost of the main component of the operation in terms of equipment, plant and machinery.

Lease of private operational premises

Costs for leasing of privately owned operational premises required for the operations of the Undertaking for the duration of 2 years. Such costs shall be capped at 10% of the eligible cost of the main component of the operation in terms of equipment, plant and machinery

7% Flat Rate – Indirect Costs

A 7% Flat Rate based on the total eligible cost of the other activities to be used for indirect costs. Once the first sub-activity is entered and saved, the 7% Flat Rate is automatically added to the financial plan and its value will update whenever a new sub-activity is entered.

Investment Priority (IP)

The Investment Priority (IP) that is set with the call and which is relevant to the investment will be included automatically with every Sub-activity listed.

Start and End date

The user is to insert the start and end date for the investment by choosing the dates from the automatic calendar that pops up when the field is clicked on.

In determining the earliest start date for activities, Applicants are to give due consideration to the fact that 'start of works' may not initiate prior to the award of the grant, i.e. signing of the Grant Agreement. The signing of the Grant Agreement may only take place following the conclusion of the evaluation process of the applications received by the cut-off date. Operations should be concluded by 30th June 2029.

If an activity is saved to the financial plan with an incorrect date, the user should delete the activity from the financial plan and re-enter the activity with the correct data.

Description of the Activity/sub-activity

Describe the specific sub-activity and define the category of that item to ensure easier reference to supporting documents including the respective specifications and quotations provided.

Comments

If the Applicant does not have any comments, then 'Not Applicable' is to be inserted.

In this section, the user should specify the costs (in EUR) in the fields provided. Users should note that the amounts entered should not contain any characters such as 'comma' but only figures, so that for example an amount of '€20,000' would be simply entered as '20000'.

The 'Eligible' costs are to be inserted in the respective field. The VAT for both eligible and non eligible costs is to be invariably inserted in the 'VAT Non Eligible' field.

The 'Non Eligible' costs indicated under this section need to reflect any expenditure (excluding VAT) related to that Sub-activity but which is ineligible for funding as specified in the scheme Guidance Notes.

The Gozo Contribution Financial Plan will be greyed out if the user did not provide an address in Gozo in Section 3.1 of this application. On the other hand, if an address in Gozo was provided, the user will need to fill out both the 'Total Financial Plan' section and the 'Gozo Financial Plan' section with the same information.

When all information has been inputted, click on the 'save' button at the bottom of the screen. Once the details have been saved, these will show up at the top part of the Financial Plan and additional Sub-activities can then be added by using the same process.

When adding activities to the financial plan, Applicants are to keep in mind that these should be itemized. Sub-Activities should not be batched together under one activity, instead the Applicant should create an Activity for every Sub-Activity that one intends to include in the financial plan.

After accessing the relevant uploading Section, titled ‘Checklist of Attachments’, the application form displays an information table containing details of the type of **document**, the name of the **uploaded file**, a ‘**Choose File**’ button, a ‘**View**’ button and a ‘**Remove**’ Button.

When uploading files, Applicants need to ensure that no commas (,) are in the file name.

In order to upload a file, the User must click on ‘**Choose File**’ following which, he/she will be prompted to select the file to be uploaded.

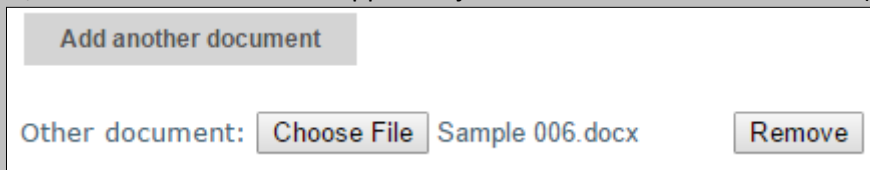

When the file is chosen (and the User clicks on ‘Open’) the system returns to the uploading screen. It is important to point out that at this stage the file is still not uploaded in the system. In order to upload the file in the system the User will need to click on the ‘**Save**’ Button (on the right of the screen).

At this stage the User may opt to either continue inputting other documents (by clicking on the relevant ‘**Choose File**’ buttons in the other rows), viewing the document (by clicking on the ‘**View**’ button) or removing the document (by clicking on the ‘**Remove**’ button).

The User will have the option to also upload documents which are not listed in the information table. This can be done by clicking the ‘Add another document’ button beneath the previously

mentioned information table. On clicking such button the User will be prompted to choose a document to be uploaded.

Once selected, the document name will appear adjacent to the 'Choose File' button (as shown).

The screenshot shows a user interface for document management. At the top, there is a button labeled "Add another document". Below this, the text "Other document:" is followed by a "Choose File" button, the filename "Sample 006.docx", and a "Remove" button.

At this stage the document is not actually uploaded to the system. This will take place only when the 'Save' button is selected. Before the application form is saved, the User can click on the 'Remove' button and the selected file will be removed (without being saved). Alternatively, clicking on 'Choose File' will allow the User to select another document which will replace the one previously selected.

Once the User is satisfied that the correct document to be uploaded has been selected, the applicant may proceed with saving the application form (following which the document will be uploaded). The User will know that the upload has been successful because the document will appear as 'Other' in the information table. There is no limit on the number of 'Other' documents that can be uploaded in the system.

Once the application is fully validated, one may submit the application. Once an application is submitted an email will be received with the application number. This is to be retained by the Applicant together with the original Declaration Form and a copy of the Application for future reference.
