## 35 YEARS OF ERASMUS+ ANNIVERSARY

Erasmus+ is a driving force that connects people across borders, opens horizons and challenges stereotypes. The novelties of the Erasmus+ programme show its ability and flexibility to adapt, evolve and tackle arising societal situations while continuing to uphold its core values. In particular, Erasmus+ will continue to focus on providing opportunities for the development employability and skills for all, across all cultural and economic backgrounds, embracing diversity and promoting inclusiveness. Erasmus+ will continue to tackle the digital divide, greening, develop the international dimension and implement 'low barriers' initiatives through sport and culture. In essence, Erasmus+ is an ambassador of Europe for its values and to tackle common challenges.
