Definitions

Aid intensity means the gross aid amount expressed as a percentage of the eligible costs, before any deducted tax or other charge.

Date of granting of the aid means the date when the legal right to receive the aid is conferred to the beneficiary, being the date of the signing of the Grant Agreement.

The **Start Date** is identified in the Grant Agreement signed between the IB and the Beneficiary. Start of works on actions in relation to the activities for which assistance is being requested may only be initiated after the date of the granting of the aid.

The **End date** is identified in the Grant Agreement and by such date the Beneficiary must ensure the following:

- The report has been procured and delivered
- All expenditure incurred, invoiced and fully paid

Any expenditure incurred, invoiced or paid after the project end date will be considered as ineligible.

The **Authorised Representative** is the person identified in the application form who is entrusted to legally represent the Enterprise and is thereby authorised to enter into agreements and sign contracts for and on behalf of the Enterprise. In the case of Sole Traders/Self Employed person, this should invariably be the beneficiary.

The **Project Manager** is identified in the application form and is the person responsible for the implementation of the project on a day-to-day basis.

Economic activity – means an activity consisting of any one or more of the following:

- any trade, business, profession or vocation and the provision of any personal services;
- the exploitation of tangible or intangible property for the purpose of obtaining income there from on a continuing basis;
- the provision by a club, association or organisation of the facilities or advantages available to its members for a subscription or other consideration;
- the admission of persons to any premises for a consideration.

External service provider means a consultancy Service Provider autonomous and unrelated to the Beneficiary Undertaking, and is registered with the Intermediate Body to provide consultancy services under this Grant Scheme.

Unrelated to the Beneficiary – the fact that the buyer does not control the seller is not sufficient for fulfilling this criteria. The parties have to be unrelated. For that, there should be no influence (decisive or not) on the composition, voting or decisions of the organs of an Undertaking.

Undertaking means a **Micro, Small and Medium-sized Enterprise** as defined in Annex I of Commission Regulation (EU) No 651/2014 of 17 June 2014 declaring certain categories of aid

compatible with the internal market in application of Articles 107 and 108 of the Treaty, as amended.

<https://eur-lex.europa.eu/legal-content/EN/TXT/?uri=CELEX%3A02014R0651-20230701>

The main factors determining whether an enterprise is an SME are:

1. **staff headcount** and
2. either **turnover** or **balance sheet total**.

Company category	Staff headcount	Turnover	or	Balance sheet total
Medium-sized	< 250	≤ € 50 m		≤ € 43 m
Small	< 50	≤ € 10 m		≤ € 10 m
Micro	< 10	≤ € 2 m		≤ € 2 m

Single Undertaking includes, all enterprises having at least one of the following relationships with each other:

- (a) one enterprise has a majority of the shareholders’ or members’ voting rights in another enterprise;
- (b) one enterprise has the right to appoint or remove a majority of the members of the administrative, management or supervisory body of another enterprise;
- (c) one enterprise has the right to exercise a dominant influence over another enterprise pursuant to a contract entered into with that enterprise or pursuant to a provision in its memorandum or articles of association;

Enterprises having any of the relationships referred to in points (a) to (d) through one or more other enterprises shall also be considered to be a single Undertaking.

An enterprise is considered to be any entity engaged in an economic activity, irrespective of its legal form. This includes, in particular, self-employed persons and family businesses engaged in craft or other activities, and partnerships regularly engaged in an economic activity.

Enterprises which have one or other of such relationships through a natural person or group of natural persons acting jointly are also considered linked enterprises if they engage in their activity or in part of their activity in the same relevant market or in adjacent markets.

An '**adjacent market**' is considered to be the market for a product or service situated directly upstream or downstream of the relevant market.

Crafts means an art, skill, or trade, practised by a person or persons in the manufacture of artefacts and other products and generally requiring in its manufacturing a greater input of human skill than of machinery.

Marketing of agricultural products means holding or display with a view to sale, offering for sale, delivery or any other manner of placing on the market, except the first sale by a primary producer to resellers or processors and any activity preparing a product for such first sale; a sale by a primary producer to final consumers shall be considered to be marketing if it takes place in separate premises reserved for that purpose.

Primary agricultural production means production of products of the soil and of stock farming, listed in Annex I to the Treaty, without performing any further operation changing the nature of such products.

Processing of Agricultural products means any operation on an agricultural product resulting in a product which is also an agricultural product, except on-farm activities necessary for preparing an animal or plant product for the first sale.

Agricultural product means the products listed in Annex I to the Treaty, except fishery and aquaculture products falling within the scope of Regulation (EU) No 1379/2013 of the European Parliament and of the Council.

 - (iii) The output in the form of a report is completed within the duration of the operation period being the timelines outlined in the Grant Agreement
 - (iv) The Beneficiary has ensured that any rules governing accumulation of aid have been respected.

The reimbursement request will only be processed when the IB is satisfied that the action has been implemented in line with the GA.

It is the beneficiary's responsibility to ensure that reimbursement requests, including all the required supporting documentation, are submitted to the IB by not later than 30 September 2029, or on a later date as identified by the IB.

Reimbursement requests are expected to be submitted to the IB within 3 calendar months from the end date of the operation, or the date identified above, whichever is the earliest. At any point during or after this 3-month period, the IB may, by notice in writing, give a specific deadline to the beneficiary to submit their claim. Should the IB opt to impose such a deadline, the beneficiary may, upon the presentation of a reasonable justification, request that the deadline is extended.

6.5 Payment Process

The IB shall ensure that every effort is made to process the payment without undue delay from receipt of a complete Claim for Reimbursement, and further to the resolution of any clarifications sought from the beneficiary and is satisfied that the assisted intervention has been implemented in line with the Grant Agreement and the pertinent regulations. Once the claim for reimbursement is processed, further checks may be conducted by the EU Payments Unit before the execution of the payment. The IB shall not be held liable for any delays in the payment process, or for any overruling by a superior authority of its initial approval of payment.

6.6 Double Financing

In line with the provisions of Article 191 (3) of Regulation (EU, Euratom) 2018/1046 on the financial rules applicable to the general budget of the Union, it is a fundamental principle that **in no circumstances shall the same costs be financed twice by the budget**. The IB reserves the right to share all the information related to the supported activities with other public entities to ensure that no other public funds were made available to the Undertaking in respect of the same activity. Funding for the same action from any other source of public funds is prohibited and will result in claw back (recovery) of funds.

7. Audit and Control

7.1. Internal Control

The beneficiary has the responsibility to put in place and maintain control arrangements to ensure proper and sound financial management of the funds.

7.2 Simplified Cost Options

Operations which are exclusively implemented via simplified cost options in line with Article 67(1)(b), (c) or (d) of (EU) 1303/2013 or on the basis of a Delegated Act in line with Article 14(1) of (EU) 1304/2013 are not obliged to maintain a separate accounting system or an adequate accounting code.

7.3 Audit Visits

Beneficiaries should ensure that the Authorized Representative and Project Manager are available during the audit. All the documentation should be available in the designated project file and access to the documentation is to be facilitated, as may be requested by the auditors.

7.3.1. Audit follow-up

Further to the conclusion of the audit, the auditors will draft a report outlining all the findings and any pertinent recommendations. If clarifications are required, the auditors will seek feedback from both the IB and the beneficiary. The beneficiary is obliged to co-operate and provide the requested feedback, data, and information by the indicated deadlines and without undue delays.

7.4. Irregularities

Irregularities may be identified during different stages of the operation because of the different checks and audits carried out by different bodies, including the beneficiary. Irregularities may be identified also through other means such as fiscal controls and evaluations, receipt of complaints or information which may also be anonymous and public domain information.

The Beneficiary is responsible to **report** any irregularity detected **without delay** to the IB.

7.5. Financial Recovery and Corrections

In those instances where an irregularity necessitates the recovery of funds, the individual/organisation that identified the irregularity must ensure that the recovery procedures are initiated immediately.

It is pertinent to note that failure to apply rules and regulations can result in irregularities which in turn could result to financial corrections, which in certain cases may lead to a recovery of up to 100% of the payment. The applicable recovery rates will be determined in line with the guidelines issued by the European Commission and in terms of State Aid Regulations.
