

CENTRALISED FUNDS

- **Cooperation Partnerships in the field of Sport**

Deadline - 5 March at 17:00 (Brussels time)

Cooperation partnerships aim to develop European sport networks, enhance quality, build capacity, address common needs, and enable transformation. Activities include networking, best practices development, education, training, awareness, and evidence-based practices.

- **Small-scale Partnerships in the field of Sport**

Deadline - 5 March at 17:00 (Brussels time)

Small-scale partnerships aim to broaden access to European programmes in education, adult education, vocational training, youth, and sport. They provide lower grant amounts, shorter durations, and simpler administrative requirements, reducing entry barriers for smaller organizations. These partnerships support transnational networks, active European citizenship, and address common needs in education, training, youth, and sport.

- **Capacity Building in the field of Sport**

Deadline - 5 March at 17:00 (Brussels time)

Capacity-building projects are international cooperation initiatives involving multilateral partnerships between sports organisations and third countries in Region 1 and Region 2. They aim to support sports activities and policies in these countries, promoting values, personal and social development, and community cohesion. The action aims to raise grassroots sports organisations' capacity, encourage physical activity, promote social inclusion, and foster global cooperation.

- **Not-for-profit European Sport Event**

Deadline - 5 March at 17:00 (Brussels time)

Erasmus+ supports non-profit European sports events, promoting volunteering, social inclusion, gender equality, and physical activity. Activities include event preparation, educational activities, side activities, volunteer training, legacy implementation, and communication related to the event's topic.
