

Interreg Europe Programme 2021-2027

First call for project proposals

Policy Objective	Reference Number	Project title	Project acronym	Maltese partner	Project Summary Description	Project Dates		Project Budget		
						Start	End	ERDF	Partner contribution	Total
More social Europe (policy objective 4)	01C0295	Increasing Work Prospects of NEETs through capacity building and improved policy measures	atWork4NEETs	Jobsplus	atWork4NEETs is a project which aims to identify and exchange good practices to improve the current policy tools to facilitate young people who are not in education, employment or training (NEETs) to access meaningful opportunities to improve their skills and find suitable jobs in seven European regions. The project shall carry out an analysis on the NEETs' conditions and policies and discuss possible solutions to enhance them with their relevant stakeholders. The atWork4NEETs project will implement impactful policy changes that pave the way for an active and promising future for young people throughout Europe.	01/03/2023	01/03/2027	€251,042.40	€62,760.60	€313,803.00
Greener Europe (policy objective 2)	01C0020	DEcarbonising the Tourism Industry Post Covid-19 Support	DETOCS	University of Malta	The project DETOCS aims to support the recovery of EU tourism infrastructure sector following the Covid-19 pandemic, amidst the energy crisis, in a sustainable and low carbon manner. In doing so, DETOCS complies with EU long-term policies for the decarbonisation of the economy. During the project implementation, good practices for sustainable tourism will be identified and exchanged amongst partner regions in Slovenia, Greece, Malta, Finland, Italy, Bulgaria, Hungary and the Netherlands. In order to promote the achievement of a climate-neutral Europe by 2050, the targeted policies will contribute to reducing greenhouse gas emissions through new investments in energy efficiency, energy-saving schemes and sustainable renewable energy as set in Directive (EU) 2018/2001.	01/03/2023	01/03/2027	€143,094.40	€35,773.60	€178,868.00
				Ministry for Tourism and Public Cleanliness				€79,990.40	€19,997.60	€99,988.00

Second call for project proposals

Greener Europe (policy objective 2)	02C0656	GEMS - Groundwater management in nitrate vulnerable zones with agriculture activities	GEMS	Energy and Water Agency	The European Environment Agency (EEA) estimates that Europe exceeds the nitrogen leakage limit by 3.3 times and phosphorus leakage limit by 2 times. Several EU countries report poor water quality in their territory and a systemic problem in managing nutrient pollution from agriculture and others have critical points where pollution is not adequately addressed. As a result, there is an urgent need to adopt additional measures to achieve the Nitrate Directive objectives and to improve public policies to support these efforts. GEMS will work and explore the best practices in EU regions on the following topics: Data and monitoring, groundwater quality and pollution, policy, governance and stakeholders' engagement and integrated water management.	01/04/2024	01/04/2028	€161,144.80	€40,286.20	€201,431.00
-------------------------------------	---------	---	------	-------------------------	---	------------	------------	-------------	------------	-------------

€635,272.00	€158,818.00	€794,090.00
